#### **ANALYSIS**

The applicant is proposing a 3,658 square-foot Supper Club located within the Boca Park shopping center. The proposed use is consistent with the conditions of approval for a Supper Club use as conditioned. Also, the proposed use is consistent with adjacent uses within Boca Park as there are similar restaurants within the center.

The proposed floor plan depicts a dining room capable of seating 150 guests, with a 1,810 square-foot interior dining room with seating available for 116 guests and a 657 square foot outdoor dining patio available for 34 guests. The floor plan is in compliance with Title 19 which requires the site to have a minimum capacity for 125 guests. Also, the floor plan depicts a 187 square foot indoor bar area separated from the indoor dining room by a 42-inch tall full metal stud sheet rock wall, which meets the Title 19 requirement that the bar area be separated from the restaurant area by a barrier sufficient enough to prevent access to the bar by minors.

The addition of the Supper Club will be compatible with similar uses as conditioned; therefore, staff recommends approval of this request.

#### **FINDINGS**

The following findings must be made for a Special Use Permit:

1. "The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan."

The proposed Supper Club is located within the Boca Park shopping center, and can be conducted in a manner that is harmonious with the existing and future land uses as projected by the General Plan.

2. "The subject site is physically suitable for the type and intensity of land use proposed."

The subject site is suitable for a variety of retail and restaurant uses. There are several similar businesses within the existing development. Therefore, the subject Supper Club is appropriate for the subject site as proposed.

3. "Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use."

The subject site has access via Rampart Boulevard, a 100-foot Primary Arterial and Alta Drive, an 80-foot Secondary Collector. Given the size of the existing development, the addition of the Supper Club will only have a negligible effect on the transportation infrastructure currently serving the site.

4. "Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan."

The proposal conforms to the goals and objectives of the General Plan designation in which it is located. As such, it will not endanger the public health, safety, or welfare of the populace or be inconsistent with the objectives of the General Plan.

# 5. The use meets all of the applicable conditions per Title 19.04.

The site meets all applicable conditions per Title 19.04 for a Supper Club. The use conforms to Title 19 as conditioned.
